**SINGLE SOURCE NAMES CORY RHODES VICE PRESIDENT OF  
PARTNER DEVELOPMENT AND ADVOCACY**

Indianapolis, IN – May, 29, 2008 – Single Source Systems, Inc. has tapped Cory Rhodes Vice President of Partner Development and Advocacy. Rhodes holds over 11 years experience providing software management solutions to Manufacturers, Distributors, and Independent Service Organizations worldwide; over 10 of those years have been spent with Single Source utilizing his expertise in consulting, strategic planning, market development, channel management, partner relations and customer account management to promote the company's flagship product, Service Management Plus™ (SM-Plus).

Most recently, as Channel Sales Director for Single Source, Rhodes played a key role in launching product distribution channels across numerous mid-market ERP solutions—improving channel sales, forming multiple joint ventures and managing relationships with over 300 partners in 15 countries. In his new role, Rhodes will be responsible for partner certification & training and sales support.

“We have been reflecting for sometime on our business desire to drive direct sales of SM-Plus by creating a staff solely dedicated to accomplishing this. We have watched Cory's true passion grow for the channel and understanding a customer/prospect's business needs, formulating a viable solution, and presenting that solution to these folks in a way that builds their confidence in the company as well as their faith in the SM-Plus product,” said Tony Petrucciani, CEO, Single Source. “With the recent addition of Kevin Dudevoir to our staff as VP of Channel Sales, we are finally in a situation to allow Cory to move forward and dedicate his time solely to nurturing the development of the SM-Plus reseller channel. It's an exciting time for us, with some great growth opportunities for Single Source.”
